HISTORY

First Notice of Comment Period: April 2, 2008, DIN: [20080402-IR-327080207BNA](#).

SUBJECT MATTER AND BASIC PURPOSE OF RULEMAKING

This rulemaking is required under [IC 13-14-9.5](#), which provides for the expiration and readoption of administrative rules. A rule that was adopted under a provision of [IC 13](#) and was in force on December 31, 1995, expires not later than January 1, 2002. All rules adopted after that date under [IC 13-14-9](#), expire on January 1 of the seventh year after the year in which each rule takes effect. The rules listed to be readopted have an expiration date of January 1, 2009. IDEM has chosen to readopt all affected rules at one time rather than readopt each rule separately as its expiration date approaches.

Under [IC 13-14-9.5-4](#), the department or board that has rulemaking authority under Title 13 may readopt all rules subject to expiration under one rule that lists all rules that are readopted by their titles and subtitles only. If no comments are received during the first comment period, IDEM may submit the rule for filing with the Publisher under [IC 4-22-2-35](#) and publish a notice in the Indiana Register that the agency has readopted the rule.

STATUTORY AND REGULATORY REQUIREMENTS

[IC 13-14-9.5-4](#) requires that the following procedure be followed to readopt rules:

- (1) A notice listing all rules to be readopted by their titles and subtitles shall be submitted to Legislative Services Agency for publication in the Indiana Register.

- (2) If a person submits a written request and a basis for the request during the first comment period that a particular rule be readopted separately from the readoption rule that readopts all rules in one rulemaking, the agency must:
- (A) readopt that rule separately from the readoption rule; and
